# C. M. SILVA & SON'S NURSERIES

LINCOLN, CAL., and NEWCASTLE, CAL.

1894-95.

Our stock is mostly grown at our Lincoln Nursery, and will be shipped from that point. Our trees are healthy, well rooted, and free from all pests, and have this year made an unusually fine growth. Our trees succeed wherever planted and never fail to give perfect satisfaction.

We make it a point to test all new fruits in our orchards at Newcastle, and as this is one of the largest shipping points on the Coast, we have unusual facilities for observing the value of fruits, both as to market values and shipping qualities. We aim to recommend nothing but varieties of merit. Our trees are taken up carefully and handled with great care. We do not aim to grow the *cheapest* trees in the country but we believe that no better can be found on the coast, and that our prices are as low as the same quality of stock can be produced for.

All stock will be plainly labeled and carefully packed; packing will be charged at cost, but where money reaches us before shipment of the goods no charge will be made for packing.

While we exercise the greatest care to have all our trees and plants true to name, and hold ourselves in readiness, on proper proof, to replace all trees or plants that may accidentally prove untrue to label, or refund the amount paid therefor, it is mutually understood and agreed to, between the purchaser and ourselves, that our guarantee of genuineness shall in no case make us liable for any sum greater than that originally received for said trees or plants that prove untrue.

**SUBSTITUTION.**—Purchasers have the right of selection of varieties. *Unless ordered otherwise*, when our stock of age or size ordered is exhausted, we will fill orders with older or younger, or the next size of the same variety, or in filling small orders will substitute similar varieties for those we are out of.

Please give plain and full directions as to how and by what route you wish stock shipped.

Our responsibility ceases upon delivery to the carrier.

Any mistake on our part in filling any order will be promptly rectified, if we are advised promptly.

**TERMS.**—Cash, with the order.

Remit by *Bank Check* on Sacramento or San Francisco, or by Express or Postal Money Order on Lincoln.
